The Rev. Lawrence Trott, missionary of the Double Mountain Baptist Area, will preside over the clinic. The program is under the direction of the two associational evangelism chairmen; The Rev. Norris Taylor, pastor of

### Pre-Contest Clinic Set Here Tuesday For Piper Bands

The annual pre-contest clinic for the Hamlin bands will be held in the Hamlin High School Auditorium Tuesday, Mar. 23. Dr. Ted J. Crager, clinician from Texas Women's University, will return for this year's session. In addition to working with the high school band for several hours during the afternoon, Dr. Crager also will clinic the Junior High band Tuesday morning.

The U. I. L. Contest is scheduled April 9-10. Because of the number of bands participating in the contest, two separate sites must be utilized. Class 2A, 3A, and 4A bands will compete at Snyder High School. Class A bands will compete at Mann Junior High School in Abilene.

# Youth Led

The Youth Led Revival meeting of the North Central Avenue Baptist Church will take place Friday through Sunday, March 19-21. Services will be at 7:30 on Friday and Saturday and at the regular times on Sunday.

This is a special effort on the part of the youth of the church to lead their community and their church in revival according to the pastor, Rev. Bill Irwin.

The revival team will come from Hardin-Simmons University to be in a special assembly at the Hamlin High School on Friday afternoon at 1:00 o'clock. Preaching for the meeting will be Dean Allen, a student from Kentucky; and Donnie Linscott, from Archer City. Leading in the music program will be Marvin Williams from Houston with Miss Marie Brooks of Rochester at the piano. Miss Vinny Long will be featured as the soloist of the group.

The team will be staying in various homes in the church, and will be taking part in visitation, fellowships, and special programs with the youth of

The pastor said that all folks in the community are invited to attend this special series of meetings, "It is not intended that this meeting should be just a "Youth" revival. It is a "Youth led" Revival. Rev. Irwin added:

The First Assembly of God located on the corner of S. E. 9th and Central is having all day services to dedicate their new church auditorium and Sunday School department on March 21. Services will begin with regular services at 9:45. A basket lunch will be served at the noon hour and dedication services will begin at 2:30 with the Rev. E. R. Anderson. District Superintendent of the North Texas District of the Assemblies of God as afternoon speaker. A two week revival with former pastors and speakers will follow the dedication service.

-Rev. Paul Joyner of Austin will be the speaker for the first three nights.

As the completion of the new church draws nigh, the attendance is expected to grow steadily, according to the pastor, Rev. J. C. Amburn.

# **NEW BRILLIANCE** FOR THE STUDENT

... With the TENSOR STUDENT LAMP, a rugged, allmetal high-intensity lamp designed specifically for student use. This mite-sized lamp weighs only 2 pounds, takes up less than six square inches on a crowded desk, yet produces a powerful, glare-free light of sun-like brilliance.

Key to its amazing performance is the Tensor-engineered transformer that steps down the voltage of a standard AC socket, steps up light intensity to the equivalent of a 100-watt conventional desk lamp.

The Tensor Student Lamp provides the perfect light for reading, for desk use at home or in the dormitory, for library work, for microscope illumination, for drafting, for dissecting, for specimen study, for model construction. It makes those last-minute cram sessions a lot easier on the eyes, too.

The lamp's flexible gooseneck arm and swivel reflector let you direct the light precisely where you want it. Yet it's practically tip-proof, thanks to its weighted base. It's good looking, too, with its neutral gray wrinkle finish and chrome gooseneck.

So brighten things for the student prince (or princess) in your family by getting him a Tensor Student Lamp. You'll find it encourages good reading and study habits. Warning: if there are more than one student in your household, better get a Tensor Student Lamp for each. People become very attached to their Tensors, don't surrender them easily.

# Nancy Ford, Mary Lois Patterson To Receive State FHA Degrees

by NANCY FORD MAROLYN REYNOLDS CAROLYN REYNOLDS

Oh, mercy, and students thought fall was busy. Yes, spring is already in the air, and there just doesn't seem to be enough hours in the day. With District Interschocontests approaching, playoffs, volleyball games, track meets, and District One-Act play nearing, students and teachers seem to be in a trance. Everyone is doing something!

Why is the band hall opened every hour of the day? Well, because seventy-three students are diligently working to prepare for the solo and ensemble contest to be held in Brownwood this Saturday. Thirty-six high school students and thirty-seven junior high students are planning to attend Tuesday, Mar. 23, Dr. Ted Crager, a wellknown director from Texas University will clinic the high school and junjor high bands. The junior high band will participate in the morning and the high school band in the afternoon.

Well, Nancy Ford and Mary Lois Patterson finally feel relieved for their state degrees are finished and accepted. The girls worked about three hard months on the degrees, which are approximately one-hundred thirty type written pages. The degrees contain a life story, transcript of high school grades; the FHA program of work, and standards showing growth in church, community, home, school, and individual goals. On Friday, March 19, Nancy and Mary Lois will leave to attend the FHA Area Meeting in Stephenville where they will be recognized for state degrees. Also, Judy Jenkins, Cynthia Stevens, Pauline Lakey, Jan Albritton, Geneva Ward, and Jayne Turner will attend the meeting with Mrs. Camille Simmons and Mrs. Arla Felts accompanying the girls. Judy Jenkins will perform at talent night Friday

Well, almost every hour of the day now the tennis courts are filled. The District tennis meet will be held in Abilene, April 12; therefore time is limited to almost three weeks. Eliminations in the boys senior singles began Tuesday. fashions flipped this spring for the newest trend in footwear. the "pretty" look. Soft feminine styling in a variety of stunning, supple leather textures - smooth, suede, grained, patent, brushed and waxey are turning the wildest teen tomboy into a junior league

The young shoe look has never been lovelier, livelier or more leg flattering. From handsewn leather sling-backs, teen toes are shod in footwear delicately touched with graceful openings, tiny perforahandsewn leather moccasins to sleek leather sling-backs, teen toes are shod in footwear tions, elegant bows and many other fashion details. Lightweight leather make these spring shoes as airy in feeling as they are in appearance. Easy to wear and easy to care for, lightweight brushed and grained leather flats, booties and strollers will saunter through the spring scene.

Glamorous pumps and sandals in smooth, suede, patent and lustre leathers grace the yearly springtime gambols. Late-day and evening footwear has a wickedly romantic air every woman will love. Exquisite examples: a pale suede leather pump with flower applique, multi-colored petent leather strips anchored to a sole lined in bright leather and a bronze lustre leather pump

Color is a cardinal element in this spring's wardrodes and and shoe shades are especially important to the "total look." Pale tints that blend in with stocking tones are new and chic. Sharp, clear colors such as wildfire red skybolt blue and acid greens add an electric charge to any costume. The natural leather colors Amber, tan, chino - continue in popularity, as do the standards black and navy.

After dark, young elegants are taking to dance floors in body-hugging or covered and clinging. Wools, linens, chif- type walker, the glamourous fons and silks, sometimes ruf- sandal, beauties with texture fled, sometimes sleek, all fi- interest, and others, featurgure prominently in the disco

"Ask your grandmother if she remembers this old 1893 Mosley oil-fired water heater and folding bathtub . . . I dare say, it would hardly meet the needs of 1964 living - supplying dishwashers, clothes washers, bathtubs, and lavatories with instant clean hot water upon demand.

Few of us actually realize that over 2/3 of the water used in the home is hot water. With the completely automatic electric water heater there is no fear of a flame going out when hot water is needed the most. And being totally flameless, it requires no venting, is easier to install and maintenance is practically nil.

The Church is God's appointed ogency in this world for spreading the knowledge of His love dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of

This house was moved to make way for a new super freeway. A city in progress creates many changes. The owners, no doubt, hated to change their location, and dreaded pulling up life-long roots. St. Paul would help in situations like these when he said, "For I have learned, in whatsoever state I am, therewith to be content." Phillipians 4:11. The Lord will help us in new situations and new surroundings. He has promised to be with us in all things.

After getting settled, it is good to find a church home with people of like faith. No new neighborhood seems lonely if you can be with people who have the love of God in their hearts.

"Not forsaking the assembling of ourselves together," (Hebrews 10:25a) is a wise saying. We invite you to attend the church in your community this week.

Parents of the couple are Mr. and Mrs. J. D. Adams and Mr. and Mrs. W. P. Foster Jr.

Nuptial music was provided by Judy Fitzgerald, organist, who also accompanied Cheryl Mays of Andrews, soloist.

Presented in marriage by her father, the bride was attired in a gown of silk organza over angel-mist taffeta. The fitted bodice was fashioned with long sleeves, scoop neckline accented with luxurious sprays of imported Alencon lace motifs which also adorned the front of the full length skirt. A self bow marked the waistline in the back of the flowing skirt which terminated in a chapel train. Silk roses with teardrop pearls held the butterfly veil of pure silk imported illusion. She carried a cascade arrangement of stephanotis and white gardenias atop a bride's prayer book.

Bridal attendants were Joyce Smith, maid of honor; Sue Johnson, Paula Clemens of Decatur, Mrs. Terry Carter, of Abilene, bridesmaids. They wore two-piece ensembles of melon linen with matching veils held with white velvet bows. They each carried a single white gladiola.

Lanier Foster of Bloomfield, N. Mex. was best man for his brother. Groomsmen were Joe Adams, brother of the bride, Terry Carter of Abilene and Carlton Webb of Decatur.

Ushers were Lewis Lawlis, David Bingham, Andy French and Butch Holland.

Diana McNeely, cousin of the bride, was flower girl. enridge, cousins of the bride.

Garden Club Meets PAGE FIVE With Mrs. League Friday, Sees Film

The Hamlin Garden Club met with Mrs. Joe L. League Friday for a film produced by the Texas Highway Department and shown by Marvin Carlton.

High points of the film, "Money to Burn", were: litterbugs not only mar, but scar, and can cause dangerous accidents on Texas Highways; willful litterbugs are rare, some Texas citizens will forget; will Texas be a sight for sore eyes or a sore for eyes; and shall we enjoy beauty or endure ugliness.

Mrs. B. B. Colwell, club president, presided and stated that the District Eight Garden Club Convention would be held in Stamford April 10.

Roll call was answered by 19 members, naming favorite iris. The Elmohr was most popular named because of beauty and very little care to grow in this area.

Garden tips for the month of March were: plant seeds of annuals for summer and fall blooming divide perennial phlox plant dahlia tubers, being sure to stake.

### Friendship HD Club Hears Program

The Friendship Home Demonstration Club met at the Oil Mill Guest House Friday with Mrs. M. S. Johnson presenting the program on the many ways to prepare chicken.

Mrs. Jack Collins served refreshments to Mmes. R. M. Young Elmer Joiner, Alton Mayfield, Noble Greer, J. E. McCoy and Elmer Brewer.

### Adult Crusaders Meet With Mr. and Mrs. Monroe Tabb

The adult crusaders of the Foursquare Church met in the home of Mr. and Mrs. Monroe Tabb Sr. for a salad supper. Mrs. S. C. Hollis was in

charge of the games.

Those present were: Mr. and Mrs. George McDaniel and daughter, Barbara; Mr. and Mrs. Walter Rinehart; Rev. and Mrs. Spencer Liles: Mrs. Maggie Watkins and daughter, Beulah Mae, and Mrs. Hollis.

Operators would have to show minimum financial responsibility of \$15,000, by insurance, bond or deposit, for each piece of equipment.

Proponents of the bill say farmers need protection because modern pesticide equipment can, if misused, damage large land areas, including adjacent property. Rapp contends the bill needs

to be studied carefully because the transient nature of some of the persons who work on pesticide equipment would require that the operator spend a lot of money on additional license fees and bonds.

HEALTH LEGISLATION Sweeping new concepts for treatment of tuberculosis, mental illness and mental retardation are about to be written into Texas law.

Bills overhauling the entire state organization for dealing with these vast problems soon may be sent to Gov. John Connally for signature.

House passed 142-0 an amended version of legislation already approved by the Senate to set the tb eradication program in motion.

A separate bill to establish a new Texas Department of Mental Health and Retardation cleared the House 139-1 and was sent to the Senate.

The tuberculosis control measure by Sen. H. J. Blanchard of Lubbock and Rep. Menton J. Murray of Harlingen would shift all to hospitals and programs from the Board for Hospitals and Special Schools to the Texas Health Department of Health.

A bill by Rep. W. H. Miller of Houston also would take from the Board all mental hospitals and special schools for the retarded, moving them to the new department.

Both emphasize communitycentered attacks on the problems at hand.

Experts maintain that casefinding, long-term follow-up care and contract care of patients close to home can virtually eliminate tuberculosis. Proposed \$22,300,000, six-year program will began in the San Antonio-Central-South Central tral Texas area and counties along the border from El Paso

Community care centers to treat mental patients close to the cities they live in rather than big hospitals far away are heavily relied on for major progress in the mental

health field. HORSES BOOKED - Odds are long against the horse race betting advocates this season, but they will provide one of the Legislature's most-colorful shows.

On March 29 the House State Affairs Committee will hear a bill to legalize parimutuel betting on supervised tracks. Bill is backed by the Texas Racing Association. It was introduced by Rep. Maurice Pipkin of Brownsville.

Rep. Rayford Price of Palestine has introduced a constitutional amendment which would outlaw parimutuel (in

a pool) betting and all other forms of gambling in the state. CONFEREES BUDGET TAKE OVER - Whether Texans will face substantial new taxation to finance expanding state services rests largely with 10 top lawmakers.

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a side look at big cities this

Dear editar:

read in a newspaper which blew against my back door and I had to pull down anyway to see out - I know where that loose board is on the step but I like to see it before I put my foot on it - seventy per cent of the U.S. Population now lives in or near big cities.

As you can see, this leaves 30 per cent in small towns and the country, which is all right with me, as it's not the percentage that counts, it's the quality, and when it's not the quality, it's the distance apart. which sometimes is nearly the same thing.

But the most important thing about the article was its statement that in 40 years all these big cities will double in population.

I don't see how the cities can stand it. I never heard of solving the problem of overcrowdedness by crowding in more. What I mean is ,go into any big city and try to ima-than at the start.

# **104th District Court Sees More** Cases Filed Than Finished in 1964

Although 221 cases - civil and criminal - were disposed of in 104th District Court at Anson last year, the number of new cases filed was in excess of this amount and the docket contained more untried cases at the close of the year

THE HAMLIN HERALD PAGE EIGHT Hamlin, Texas, Thursday, March 18, 1965

Clerk W. L. McDonald shows that at the start of 1964, there were 342 suits on the docket, 284 were filed, bringing the total to 626. Tried during the year were

15 jury cases, 144 non jury and 63 were dismissed, making up the 221 total. The report shows that there were 405 untried cases at the end of the

A report issued by District

These untried cases were made up of 60 divorce, 198 tax, 102 "other civil", 46 criminal and annulment.

An interesting fact is that the number of new cases classified as "other civil" was 95 the same number as criminal cases. There were 79 petitions for divorce, one for annulment and 14 for collection of delinquent taxes.

Disposed of during the year were 50 divorce petitions with all being granted. There were no anulments and no tax cases up for trail. Five civil cases were disposed of by jury while 41 were heard by Judge Owen Thomas.

Ten criminal cases were heard by juries and 52 by the judge. The judge dismissed six pleas for divorce, two to suits 20 "other civil" and 35 criminal sases.

Judge Thomas dismissed nine cases last week for lack of prosecution or on motion of the plaintiffs. There were no cases pending in higher courts on appeal.

# Youth Led

The Youth Led Revival meeting of the North Central Avenue Baptist Church will cal church, and Dr. Leavell take place Friday through Sunday, March 19-21, Services will be at 7:30 on Friday and Saturday and at the regular times on Sunday.

This is a special effort on the part of the youth of the church to lead their community and their church in revival according to the pastor, Rev. Bill Irwin.

The revival team will come from Hardin-Simmons University to be in a special assembly at the Hamlin High School on Friday afternoon at 1:00 o'clock. Preaching for the meeting will be Dean Allen, a student from Kentucky; and Donnie Linscott, from Archer City. Leading in the music program will be Marvin Williams from Houston with Miss Marie Brooks of Rochester at the piano. Miss Vinny Long will be featured as the soloist of the group.

The team will be staying in various homes in the church, and will be taking part in visitation, fellowships, and special programs with the youth of

The pastor said that all folks in the community are invited to attend this special series of meetings, "It is not intended that this meeting should be just a "Youth" revival. It is a "Youth led" Revival. Rev. Irwin added:

# **Assembly of God Sets Dedication Sunday**

The First Assembly of God made a church building in located on the corner of S. E. 9th and Central is having all day services to dedicate their new church auditorium and Sunday School department on March 21. Services will begin with regular services at 9:45. A basket lunch will be served at the noon hour and dedication services will begin at 2:30 with the Rev. E. R. Anderson, District Superintendent of the North Texas District of the Assemblies of God as afternoon speaker. A two week revival with former pastors and speakers will follow the dedication service.

-Rev. Paul Joyner of Austin will be the speaker for the first three nights.

As the completion of the new church draws nigh, the attendance is expected to grow steadily, according to the pastor, Rev. J. C. Amburn.

The church began to come into view in 1931 when Charles Wilson came to Hamlin and held a revival in the wagon yard. Several souls were saved in the meeting which caused the people to start remeeting in Odessa the first of gular services in a home.

In 1932, Henry Smith became the first pastor. The church was set in order at this time with 20 members. The congregation had services in the Bryson house for some time, until Rev. Smith secured a building, remodeled it and about 130 persons.

# **NEW BRILLIANCE** FOR THE STUDENT

... with the TENSOR STUDENT LAMP, a rugged, allmetal high-intensity lamp designed specifically for student use. This mite-sized lamp weighs only 2 pounds, takes up less than six square inches on a crowded desk, yet produces a powerful, glare-free light of sun-like brilliance.

Key to its amazing performance is the Tensor-engineered transformer that steps down the voltage of a standard AC socket, steps up light intensity to the equivalent of a 100-watt conventional desk lamp.

The Tensor Student Lamp provides the perfect light for reading, for desk use at home or in the dermitory, for library work, for microscope illumination, for drafting, for dissecting, for specimen study, for model construction. It makes those last-minute cram sessions a lot easier on the eyes, too.

The lamp's flexible gooseneck arm and swivel reflector let you direct the light precisely where you want it. Yet it's practically tip-proof, thanks to its weighted base. It's good looking, too, with its neutral gray wrinkle finish and chrome gooseneck.

So brighten things for the student prince (or princess) in your family by getting him a Tensor Student Lamp. You'll find it encourages good reading and study habits. Warning: if there are more than one student in your household, better get a Tensor Student Lamp for each. People become very attached to their Tensors, don't surrender them easily.

# Nancy Ford, Mary Lois Patterson To Receive State FHA Degrees

by NANCY FORD MAROLYN REYNOLDS

CAROLYN REYNOLDS Oh. mercy, and students thought fall was busy. Yes, spring is already in the air, and there just doesn't seem to be enough hours in the day. With District Interscholastic contests approaching, games, track meets, and District One-Act play nearing, students and teachers seem to be in a trance. Everyone is doing something!

Why is the band hall opened every hour of the day? Well, because seventy-three students are diligently working to prepare for the solo and ensemble contest to be held in Brownwood this Saturday. Thirty-six high school students and thirty-seven junior high students are planning to attend Tuesday, Mar. 23, Dr. Ted Crager, a wellknown director from Texas Woman's University will clinic the high school and junior high bands. The junior high band will participate in the morning and the high school band in the afternoon. hhs

Well, Nancy Ford and Mary Lois Patterson finally feel relieved for their state degrees are finished and accepted. The girls worked about three hard months on the degrees, which are approximately one-hundred thirty type written pages. The degrees contain a life story, transcript of high school grades; the FHA program of work, and standards showing growth in church, community, home, school, and individual goals. On Friday, March 19, Nancy and Mary Lois will leave to attend the FHA Area Meeting in Stephenville where they will be recognized for state degrees. Also, Judy Jenkins, Cynthia Stevens, Pauline Lakey, Jan Albritton, Geneva Ward, and Jayne Turner will attend the meeting with Mrs. Camille Simmons and Mrs. Arla Felts accompanying the zirls. Judy Jenkins will pe form at talent night Friday

Well, almost every hour of the day now the tennis courts are filled. The District tennis meet will be held in Abilene, April 12; therefore time is limited to almost three weeks. Eliminations in the boys senior singles began Tuesday. Lightweight leather make these spring shoes as airy in feeling as they are in appearance. Easy to wear and easy to care for, lightweight brushed and grained leather flats, booties and strollers will saunfer through the spring scene.

Glamorous pumps and sanfals in smooth, suede, patent and lustre leathers grace the yearly springtime gambols. Late-day and evening footwear has a wickedly romantic air every woman will love. Exquisite examples: a pale suede leather pump with flower applique, multi-colored petent leather strips anchored to a sole lined in bright leather and

"Ask your grandmother if she remembers this old 1893 Mosley oil-fired water heater and folding bathtub . . . I dare say, it would hardly meet the needs of 1964 living + supplying dishwashers, clothes washers, bathtubs, and lavatories with instant clean hot water upon demand.

Few of us actually realize that over 2/3 of the water used in the home is hot water. With the completely automatic electric water heater there is no fear of a flame going out when hot water is needed the most. And being totally flameless, it requires no venting, is easier to install and maintenance is practically nil.

What a change from the 'good ol' days'."

world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of

This house was moved to make way for a new super freeway. A city in progress creates many changes. The owners, no doubt, hated to change their location, and dreaded pulling up life-long roots. St. Paul would help in situations like these when he said, "For I have learned, in whatsoever state I am, therewith to be content." Phillipians 4:11. The Lord will help us in new situations and new surroundings. He has promised to be with us in all things.

After getting settled, it is good to find a church home with people of like faith. No new neighborhood seems lonely if you can be with people who have the love of God in their hearts.

"Not forsaking the assembling of ourselves together," (Hebrews 10:25a) is a wise saying. We invite you to attend the church in your community

# Adams-Foster Wedding Exchanged Here Saturday

Saturday evening at 7 o'clock in the First Methodist Church by Anna Cheryle Adams and Lanny Brooks Foster.

Rev. Royce Womack, pastor, read the double-ring cere-

Parents of the couple are Mr. and Mrs. J. D. Adams and Mr. and Mrs. W. P. Foster Jr.

Nuptial music was provided by Judy Fitzgerald, organist, who also accompanied Cheryl Mays of Andrews, soloist.

Presented in marriage by her father, the bride was attired in a gown of silk organza over angel-mist taffeta. The fitted bodice was fashioned with long sleeves, scoop neckline accented with luxurious sprays of imported Alencon lace motifs which also adorned the front of the full length skirt. A self bow marked the waistline in the back of the flowing skirt which terminated in a chapel train. Silk roses with teardrop pearls held the butterfly veil of pure silk imported illusion. She carried a cascade arrangement of stephanotis and white gardenias atop a bride's prayer book.

Bridal attendants were Joyce Smith, maid of honor; Sue Johnson, Paula Clemens of Decatur, Mrs. Terry Carter, of Abilene, bridesmaids. They wore two-piece ensembles of melon linen with matching veils held with white velvet bows. They each carried a single white gladiola.

Lanier Foster of Bloomfield, N. Mex. was best man for his brother. Groomsmen were Joe Adams, brother of the bride, Terry Carter of Abilene and Carlton Webb of Decatur.

Ushers were Lewis Lawlis, David Bingham, Andy French and Butch Holland.

Our community was shocked

to learn last week that Roy Smith, of Anson, had suffered a heart attack Tuesday night and died. He was buried Thursday afternoon, beside his wife in the Anson cemetery, who was killed several years ago near Radium, when a tornado destroyed their home. Mr. Smith was injured at the time and later had to have a leg amputated, but after being fitted with a limb he could get around almost as well as ever. They had no children. Only some brothers, sisters and other relatives, survive.

We also extend our sym pathy to the W. H. White family, in the loss of Mrs. White's mother, Mrs. S. L. Tumlinson, who passed away last week at Holiday Lodge after an extended illness.

Johnie Agnew had surgery on his nose last Wednesday morning, in San Angele, for a growth in his nose. He came home Sunday afternoon and is doing as well as was expected, although it was a very painful operation.

Mr. and Mrs. Warren Henry, of Lubbock, spent last Tuesday night with his brother, Mr and Mrs. E. A. Henry.

Bills overhauling the entire state organization for dealing with these vast problems soon may be sent to Gov. John Connally for signature.

House passed 142-0 an amended version of legislation already approved by the Senate to set the th eradication program in motion.

A separate bill to establish a new Texas Department of Mental Health and Retardation cleared the House 139-1 and was sent to the Senate.

The tuberculosis control measure by Sen. H. J. Blanchard of Lubbock and Rep. Menton J. Murray of Harlingen would shift all to hospitals and programs from the Board for Hospitals and Special Schools to the Texas Health Department of Health.

A bill by Rep. W. H. Miller of Houston also would take from the Board all mental hospitals and special schools for the retarded, moving them to the new department.

Both emphasize communitycentered attacks on the problems at hand.

Experts maintain that casefinding, long-term follow-up care and contract care of patients close to home can virtually eliminate tuberculosis. Proposed \$22,300,000, six-year program will began in the San Antonio-Central-South Central tral Texas area and counties along the border from El Paso to Brownsville.

Community care centers to treat mental patients close to the cities they live in rather than big hospitals far away are heavily relied on for major progress in the mental

health field. HORSES BOOKED - Odds are long against the horse race betting advocates this season, but they will provide one of the Legislature's most-color-
